## **Ama's Girls supports Doshier mammo unit**

SOUTHPORT—A not-for-profit organization to support breast cancer treatment and research called Ama's Girls has donated \$6,400 to the Doshier Memorial Hospital Foundation toward the hospital's Mammography Unit. The five women are the grandchildren of the late Teenie Edwards, nicknamed Ama, who died of breast cancer. Funds are going for a blanket warmer and patient capes and gowns to accompany Doshier's new 3-D mammography machine.

Read more about mammography and other Doshier diagnostic services at [www.Doshier.org/diagnostics](http://www.Doshier.org/diagnostics).

**Ama's Girls are holding the banner (in pink, left to right): Jennifer Kanapaux, Haley Kanapaux, Lauren Litaker, Erin Edwards and Faith Edwards. Posing with them are Foundation President Lynda Stanley, Doshier Hospital Board Member Dr. Scott Starks, and Foundation Board members Clay Fairley, Carolyn Zarbock, Mark Bachara and Beth Nelson.**

**Dosher Mammography lead Joann Brady, Therapies Director Connie Pitman, and Patient Care Services VP Carol Northup join the group in front of the blanket warmer.**
