## **Doshier Announces Latest “Triple E” Recipient**

SOUTHPORT—Jennifer Wilson, RT, (R),(CT), a Radiologic Technologist and Lead CT and X-ray Technologist in Doshier’s Diagnostic Imaging Department, is the most recent recipient of the hospital’s Employees Exceeding Excellence, “Triple E” Award. Mrs. Wilson has been with Doshier for 12 years, and is described by her colleagues as someone who not only goes above and beyond for patients, but for her peers as well. Mrs. Wilson is the first to pick up extra shifts when needed and make sure the schedule is covered, ensuring that the needs of our patients are met. She is also celebrated in her department for being a great mentor and leader, generous with her time in helping her staff members learn and succeed.

Mrs. Wilson is recognized for her dedication as well as her friendliness, helping both patients and staff feel comfortable. She is described as being, “The backbone of the department.” In addition to Mrs. Wilson’s commitment to great patient care, she acknowledges the great team she works with as playing a significant role in her career longevity at Doshier Hospital.

Doshier Triple E’s are nominated by their peers on a quarterly basis.
