## **Dosher Asks for Donations of Cloth Masks**

*Medical supplies are adequate, however, cloth masks on hand help ensure PPE for asymptomatic visitors to hospitals and clinics.*

SOUTHPORT – Doshier Memorial Hospital is appreciative of the many members of the community who have donated personal protective equipment to us since the onset of the COVID-19 pandemic. While medical supplies are adequate, Doshier is continuing to accept donations of cloth masks to ensure that everyone who visits our hospitals and clinics has an adequate face covering.

If you would like to schedule a donation drop off, please call 910-457-3900 or email [marketing@doshier.org](mailto:marketing@doshier.org).

For hospital updates regarding COVID-19, please visit [Doshier.org/COVID](http://Doshier.org/COVID)
