5th Annual Heart to Heart Event Another Success!

SOUTHPORT— More than 200 guests attended Doshier Foundation's 5th annual Heart to Heart women's heart health event on February 7th. Funds raised through this educational event will benefit cardiac rehab programs at Doshier Wellness Center.

Speakers at the program were board-certified cardiologist Dr. Meena Rao (pictured above), NHRMC Physician Group-Cape Fear Heart Associates, Doshier Cardiac Rehabilitation patient Shirley Desnoyers, and Brunswick Wellness Coalition Executive Director Lindsay Maher.

"We are grateful for our volunteers and community supporters who not only learned about heart disease, but donated to the food pantry and helped raise funds to support the Doshier Hospital Cardiac Rehab Department," said Lynda Stanley, Doshier Foundation President.
