Doshier Foundation salutes Volunteers, employees with lobby display

SOUTHPORT—Doshier Memorial Hospital Foundation unveiled a large display on February 19 to recognize Doshier Volunteers for contributing more than \$1.9 million in cash and donated time to the hospital. The recognition board also names the more than 250 employees who pledged a combined \$50,000 toward the Foundation's major gifts campaign announced last November.

"It is a pleasure to honor the Volunteers and staff who have given so much of their time, talent and treasure to support our community hospital," Foundation President Lynda Stanley says. "The new donor wall is a small gesture to salute their large collective support."

To participate in the Foundation's Helping Hands for a Healthy Community campaign, call 910-457-3950.

The Doshier Volunteers is an independent group formed in 1972. Read more about it at Doshier.org/Volunteers.
