Doshier Foundation to recognize long-time physician, benefactor

SOUTHPORT—The Doshier Memorial Hospital Foundation is inviting the public to a ceremony on Thursday, August 25, 5 p.m., recognizing retired radiologist Richard Corbett, MD. As the first radiologist in Brunswick County, Dr. Corbett was the radiologist at Doshier Memorial Hospital from 1962 to 1988 and a strong advocate for the hospital in general and diagnostic imaging in particular.

The ceremony honoring Dr. Corbett “for his service and generosity,” will be held in the hospital lobby. The event will include tours for the public to see and learn about Doshier’s new 3D mammography machine.

Read more about the Doshier Foundation at www.Doshier.org/Foundation and radiologic services at www.Doshier.org/diagnostics.
