Dosher Issues Revisions on Visitation Policy

SOUTHPORT— Doshier Memorial Hospital is closely monitoring developments regarding COVID-19, also known as Novel Coronavirus.

In order to protect our patients and staff, Doshier has expanded visitation guidelines, effective immediately:

- Do not visit if you have a cough, sore throat or fever.
- If you have been sick, do not visit until you are 48 hours symptom free.
- Visitors will be limited to two (2) adults at a time.

The North Carolina Division of Public Health has established a call line at **1-866-462-3821** to address general questions about coronavirus from the public. More information can be found on the [CDC](#), [North Carolina Department of Health and Human Services](#) and [Brunswick County Health Department](#) websites.
