Dosher Medical Staff, hospital back two clinics

SOUTHPORT—Physicians and other providers on the Doshier Medical Staff are donating a combined \$2,800 to New Hope Clinic, Southport and Shallotte, and Brunswick Adult Medical Clinic, Supply. Doshier Hospital is matching the donations, so a total of \$2,800 is going to each clinic.

“The Doshier Medical Staff recognizes the outstanding care and crucial benefits the two clinics provide throughout the year. We are proud to team up with Doshier Hospital to continue our longstanding support of their efforts to serve the people of Brunswick County,” Doshier Chief of Staff Dr. Domenic Palagruto says.
