Doshier Names New Nursing Director for Patient Care Unit

SOUTHPORT—Jill Stenson, MSN, RN, CENP has recently accepted the position of Patient Care Director for the Doshier Patient Care Unit. Ms. Stenson has served in this role in an interim capacity since January, 2022 and brings more than 24 years of nursing leadership experience.

Ms. Stenson has a background in critical care, serving as a staff nurse in ED/ICU settings and Nursing Director of ICU/Cardiac Cath Lab and GI Lab in prior positions. For the last 12 years, Ms. Stenson has served as Chief Nursing Officer for a level 2 trauma center/teaching hospital in northern Pennsylvania and a level 3 trauma designated community hospital in her home state of Wisconsin. She is honored to work with outstanding nurses at Doshier in leading evidence-based practice, who are enthusiastic to ensure clinical excellence for their patients.

Lynda Stanley, President and CEO of Doshier said, “We warmly welcome Ms. Stenson to the clinical team at Doshier and have full confidence that her leadership that will enhance our commitment to outstanding patient care and positive outcomes.”

Ms. Stenson is currently pursuing a Doctor of Nursing Practice (DNP) at Post University in Waterbury CT, graduating Fall, 2022. She looks forward to partnering with the community in leading health and wellness and outreach initiatives in the area.
