Doshier cafeteria earns “Golden A”

SOUTHPORT—The Environmental Services section of the Brunswick County Health Department has presented the Dietetic Services department at Doshier Memorial Hospital with a “Golden A” award.

Dietetic Services Director Vicki Allen, RDN, LDN, CDE, says the health department reserves this distinction for food establishments that maintain a health grade of 95 or higher for four consecutive quarters. This annual award is now on display in the cafeteria.

The cafeteria serves lunch seven days per week, 11:30 a.m.-1:30 p.m.
