Compass Pointe Car and Motorcycle Rider Clubs Salute Healthcare Workers at Dosher

SOUTHPORT - On Wednesday, July 29th, the Compass Pointe Car Club and the Compass Pointe Motorcycle Riders Club paid tribute to the healthcare workers at Dosher Memorial Hospital with a “drive through parade” down the street adjacent to the main hospital entrance. Over one dozen cars, including a mix of both modern and classic sports cars, Corvettes, Mustangs, Camaro’s, and BMW’s, and several motorcycles drove by, many with passengers holding signs thanking healthcare workers.

When John Veen, Chair of the Compass Pointe Car Club was asked why the clubs had decided to organize the parade, his response was, “Because it’s the right thing to do.”

Hospital leadership is extremely grateful for the generosity of the community since the onset of the COVID-19 pandemic and is appreciative of the recognition shown to the staff by the participants of the drive through parade.

About Dosher Memorial Hospital

Dosher is a critical access hospital located in Southport, North Carolina. Dosher operates 8 satellite facilities throughout Brunswick County, including 5 primary care clinics, a women’s health clinic, an urgent care, and a Bald Head Island clinic open during the summer months.

About Compass Pointe Car Club

The Compass Pointe Car Club has 55 members with a wide variety of cars including muscle cars, sports cars, a few exotic cars, and some classic cars.

About Compass Pointe Motorcycle Riders Club

The Compass Pointe Motorcycle Riders Club has 36 members and has a variety of motorcycles including Harley Davidson, Yamaha, and other bikes.

Doshier Hospital staff enjoy the drive-by parade at the hospital entrance.
