

Foundation Focus

ISSUE 10

Spring 2023

All gifts, of all amounts, make a difference! Support provided today, builds the foundation for tomorrow. Any amount makes a difference. All donations are meaningful and enhance the quality of healthcare that you, your family and friends receive. The Doshier Memorial Hospital Foundation can continue to purchase new equipment, programs and services for the hospital because of donors like yourself. Every little bit helps, and you can definitely make a difference. Please call (910) 457-3936 for more information.

2023 Heart to Heart Event Raises \$21,800

Dosher Memorial Hospital Foundation held its 9th annual Heart to Heart event on Thursday, February 2, 2023 at the St. James Community Center. The sold-out event raised over \$21,000 to benefit Dosher Hospital Cardiac Rehabilitation Center.

The 240 guests heard from guest speaker Dr. Maritza Manrique-Kiniry, a board-certified gynecologist provider at Dosher Medical-Women's Health, who shared her journey of heart failure and recovery, along with sharing indicators of heart disease that shouldn't be ignored. Meredith Muehlieb was also a guest speaker who shared her personal "heart story" and her road to recovery through the Dosher Cardiac Rehabilitation Center. Entertainment was provided by the Brunswick Harmonizers.

Lynda Stanley, President and CEO of Dosher Memorial Hospital, said, "This program provides a unique combination of fundraising, heart health education, and camaraderie for those who attend. We are grateful for the speakers, volunteers, and community supporters who helped make this year's event a success."

Antonette (Toni) McAndrews added that "This year's event was a success due to the continuous and generous support of event sponsors, auction donors and attendees."

The Dosher Memorial Hospital Foundation was established and began operating in March of 2010. The Foundation's primary responsibility is to encourage a steady flow of funds to the hospital from individuals and organization within the hospital's service area. These funds enable

Dosher Hospital to continue providing its patients with the finest healthcare equipment, programs and services possible, as well as provide the resources necessary for construction expansion and remodeling projects.

Foundation Board of Director Spotlight

Why I Donate Time & Money to Doshier Memorial Hospital Foundation Board

Meet Maurice R. Smith, Director Doshier Memorial Hospital Foundation Board Member

Like for many folks, there is not enough time in the day to get everything done. In addition, there are so many needs for which one could spend their charitable dollars. So, when I choose to commit to a cause, it must be for a special reason.

The Doshier Memorial Hospital Foundation supports a necessity that is consequential for many reasons. First, the Doshier Memorial Hospital is one of the few independent hospitals operating in North Carolina. The citizens in the Southport area have a treasure right in their backyard. A first-class, home-grown medical facility is a benefit that should not be overlooked.

The second reason the Foundation has earned my loyalty is its stellar reputation for excellent service. The staff are friendly and capable. I was born in the Hospital 66 years ago. My personal affection is like that for a long-standing friend. I imagine neighbors who have come to love the community in the meantime, include the Hospital as one of their reasons.

Finally, I realize access to healthcare is a privilege not afforded everyone. I have traveled to many places, countries, and continents and witnessed the absence of basic human services. The deficiency of healthcare in some communities is heartbreaking.

Southport does not suffer these challenges in large part because of Doshier Memorial Hospital. Our neighbors needn't worry about the level of care they will receive if a situation arises. The comfort of knowing care is just around the corner puts minds at ease.

I encourage you to join us in paying forward for the services you and your family will eventually need. Invest in Doshier Memorial Hospital with your financial contributions and time. The benefits you receive will be the best return on your investments.

Thank you to all Foundation donors and supporters.

*Your gifts help provide the very best in healthcare to
residents in our local community*

Grateful Patient Program

An expression of thanks

**Dosher Memorial
Hospital Foundation**

Your care is our top priority at
Doshier Memorial Hospital.

Any recognition we receive from our patients is meaningful acknowledgement that we are achieving our *Mission: To provide our patients and community with comprehensive, compassionate and extraordinary care for every person, every day.*

Make your gift today in honor of a physician, nurse, caregiver, or staff member who made a difference. When you express your gratitude you are celebrating our entire healthcare team!

Financial contributions received through the **Grateful Patient** program support Doshier Memorial Hospital. Gifts, of any amount, are used for the purpose of enhancing patient care, healthcare research, providing health-related education and purchasing clinical equipment and facilities.

Dosher Receives Advanced Hip and Knee Replacement Certification

Dosher Memorial Hospital has received Advanced Hip & Knee Replacement Certification from DNV. This certification affirms an organization’s excellence in orthopedic surgery within the scope of hip and knee arthroplasty and related procedures inclusive of initial diagnostic services, surgical services, and therapies related to hip and knee replacement care. “Advanced Hip & Knee Certification informs our community that we have the resources and commitment to provide the best possible care for Hip and Knee replacement,” said Lynda Stanley, President and CEO of Dosher. “Our hospital has taken a number of measures to ensure we have the right equipment, personnel and training to exhibit excellence in orthopedic surgery within the scope of Hip and Knee Replacement, from diagnosis to treatment, education, and rehabilitation. In 2021, we took a significant step toward enhancing our orthopedics program through the implementation of robotic arm assisted surgery for both hip and knee replacement. Our robotics program, combined with a patient focused staff, and our commitment to health and safety, are all measures which have contributed to us achieving this certification.” The DNV Advanced Hip and Knee Replacement Certification requirements are

About the Doshier Memorial Hospital Foundation. Since opening its doors in 1930, Doshier Memorial Hospital has received excellent financial support from its friends and neighbors in the community it serves. As the hospital has grown, however, increases in giving options, as well as the hospital's donor base, have created the need for a central channel through which funds may be received, recorded and allocated. To meet that need, the Doshier Memorial Hospital Foundation was established in March of 2010. The Foundation's primary responsibility is to encourage a steady flow of funds to the hospital from individuals and organizations within the hospital's service area. These funds enable Doshier Hospital to continue providing its patients with the finest healthcare equipment, programs and services possible, as well as provide the resources necessary for construction, expansion and remodeling projects.
